This is the

Iowa School for the Deaf

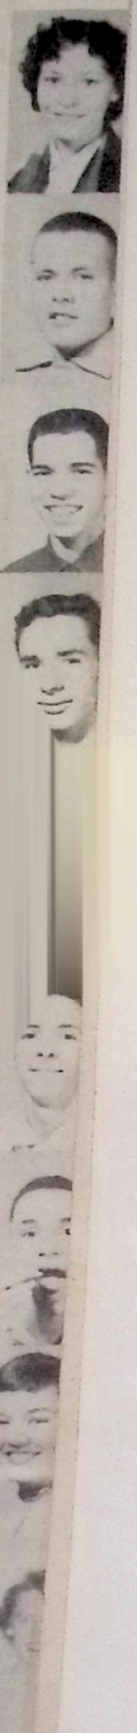
1855 — 1956

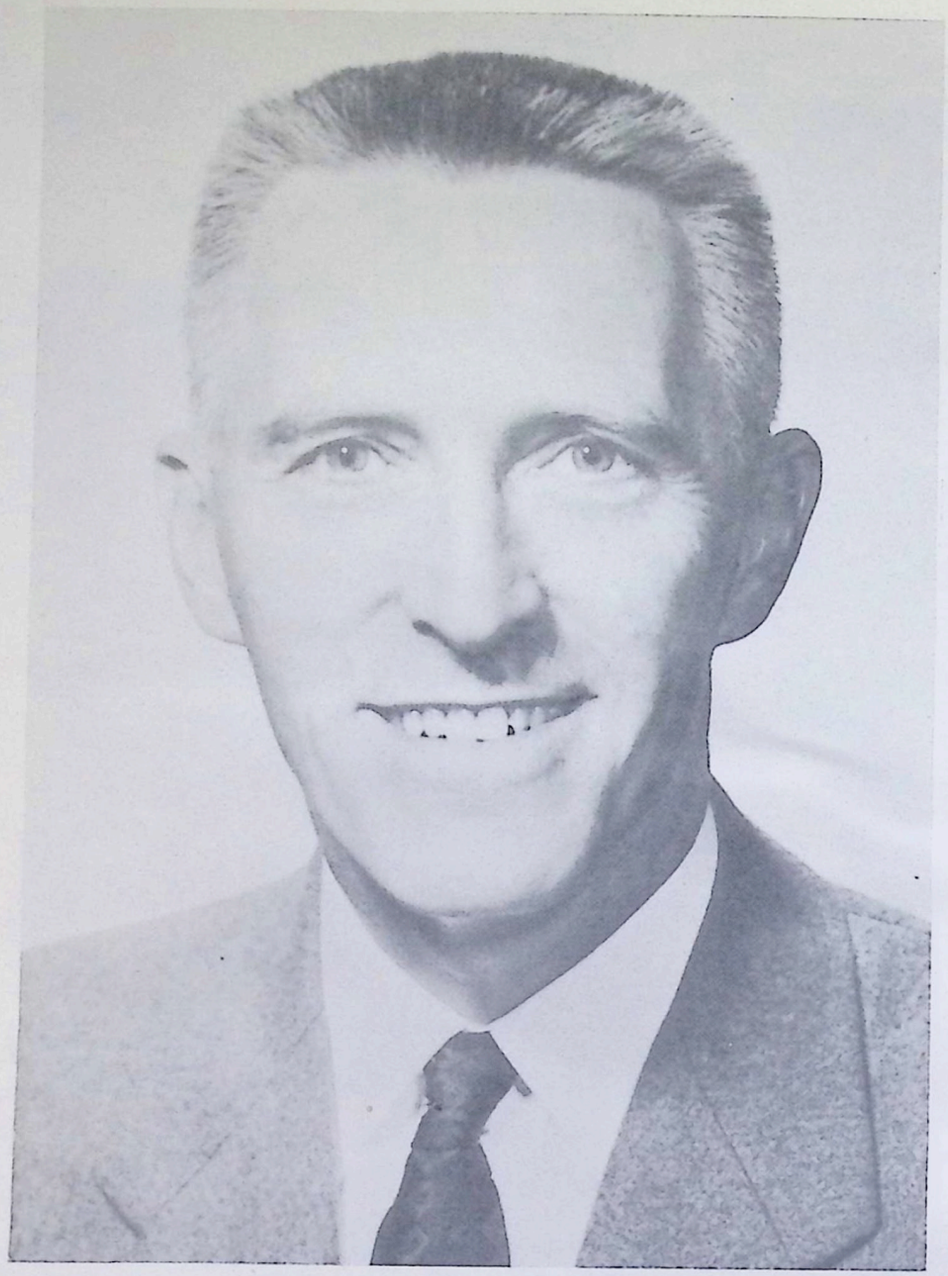
The Senior class is proud to present this 1956 annual. This book is the fulfillment of many years of dreaming and planning. The book became an actuality when the cooperation of the school administration, the Board of Regents, the whole senior class, and the sponsors were secured.

Money from our advertisers was used to supplement the cost of the book to the buyers.

The Seniors have had fun in working hard to put this book together. It has endeavored to depict life at I. S. D., as it exists. This book tends to show that everyone here at I. S. D. is a cog in a giant wheel. Everyone performs an important function in keeping the school going.

The Senior class hopes that the precedent which has been set this year will always be continued.





The best wishes and congratulations of all Iowa go to the Class of '56. We are proud of your past achievements and we are confident of your bright future.

Good luck!

Very truly yours,

Leo A. Hoegh

LEO A. HOEGH,
Governor of Iowa.

Dedication

Now
The end has come
To youthful dreams and labors.
This is the day of culmination
And is a day of bright beginning.

Tomorrow
You enter a new life,
As proud members of your state,
Prepared for responsibilities of life
And obligation of citizenship.

Duty
We have been told,
Is a hard, relentless taskmaster,
But there are compensations
Without which days, could not be pleasant.

We trust
That with God's help.
You may find your own life's work
And face the future without fear,
For tomorrow's sun will brighten tomorrow's tasks.

Farewell and Godspeed—
Hazel Mere McLaughlin

Superintendent

To The Senior Class of 1956:

Please accept my sincere congratulations for the excellent Year Book you have published this year. The book shows you have put a great deal of thought and effort into the book. I trust the book will be a source of inspiration to the members of the class in the years to come and informative to all that purchase copies of the book.

Sincerely,

L. E. BERG
Supt.
